

## Price list **signaturportal.de**

Thank you for your interest in the solutions offered by Signaturportal.de.

This document describes which costs result from using the signature, verification and archiving services.

## General description of the price and accounting model

### What is a Basic or Premium membership?

The Basic membership at Signaturportal.de is for **free**. At a monthly minimum turnover of 5, - € you become a Premium member and have access to additional functions. E.g. for Premium members, the „Post-Ident“ identification is free.

You can find information on the full extent of the functions of a post-office box (POB) being a Basic or Premium member here: [https://www.signaturportal.de/modules/kp\\_suche/index.php?op=preise&contentcat\\_id=70&op1=0](https://www.signaturportal.de/modules/kp_suche/index.php?op=preise&contentcat_id=70&op1=0)

Initially creating a POB is for free and there is no basic fee or minimum purchase. Only active usage of the offered services results in costs.

## Transaction based services (ePortos)

### What is an ePorto?

Every service offered by Signaturportal.de is cleared in so called „ePortos“. Basically you only pay for actual transactions. E.g. a qualified signature for an electronic invoice costs one (1) ePorto. The verification protocol for an electronic invoice also costs one (1) ePorto.

### Which ePorto rate suits you?

There are two ways to buy ePortos: Either you buy a contingent of ePortos (credits) ahead of time or you order a monthly flat-rate with a certain volume of ePortos.

### Buying ePortos

Buying ePortos can only be done online and you will receive an electronic invoice via e-mail. All transactions and services are charged from your credit balance. EPorto credits never expire. This alternative is useful to start with or if you have a fairly low usage of ePortos.

### Flat-rates

Starting at a volume of app. 100 regularly used ePortos per month we recommend using a flat-rate. The price per ePorto can be as low as 4.5 Cent. All flat-rates can only be ordered online and you will receive an electronic invoice via e-mail. By request bank collection is possible.

### Additional costs beside ePortos?

In addition to the basic services (paid in ePortos) you can book additional services, which are charged separately on a monthly basis. For these services you receive an additional electronic invoice via E-Mail. E.g. you can order additional space for you POB or rent an audit proof archive, to store documents according to GdPDU/GOBS.

### ePorto credits

Package Size	Amount of ePortos	Price/ePorto	Package price
100 ePorto	100 units	0,24 €	24,00 €
